Transportation

Special reduced round-trip tickets to Des Moines for the Iowa State Fair and Exposition from points within the state of Iowa will be sold by the railroads.

Morning Round-Up

The morning round-up will start from the camp ground fence each morning at 6:00 a. m. and will include all of the grounds and buildings west of the camp ground fence.

All persons remaining in this portion of the ground over night must provide themselves with tickets for the following day.

Tickets may be purchased at any time during the day or evening at the treasurer's office in the Administration Building, or from ticket booths at camp ground entrances.

No Return Checks

No pass-out or return checks will be issued for the outside gates.

Persons leaving the grounds during the day will be admitted free after 9:00 p. m., by presenting a ticket for the following day at the pass gate. The ticket will be taken up the following morning when the grounds are policed.

Camping

A most cordial invitation is extended to everyone to avail themselves of the splendid facilities offered for camping. The grounds used for this purpose are gently rolling, covered with a growth of native timber, well set to blue grass, electric lighted and provided with city water service, in all making an ideal camping ground. The camp grounds have been platted, the streets numbered and the avenues lettered. A Campers' Headquarters is maintained where all campers are requested to register, and a directory of those located in the camp grounds is kept giving the name and street or avenue on which tent is located.

No charge is made for the use of the camping grounds. Parties may bring their own camping outfits or rent same from the tent and awning

companies, who maintain warehouses on the grounds.

All campers will be required to occupy the regular camp grounds which are fenced off from the main portion of the grounds. Positively no camping will be permitted west of the camp ground fence.

Regular admission gates have been provided, one on Grand Avenue near the Tent and Awning Company Warehouses, one on street leading to camp grounds south of Poultry Building, and on street leading into exhibitors' camp ground east of the Swine Barn.

Campers will be required to pay the regular admission fees when entering the main portion of the grounds through these gates. A special camper's ticket with five coupons of admission may be purchased at the camp ground ticket booths for \$2.00. These camper's tickets will be good only at camp

ground gates.

Campers' return checks will be issued by the gatekeepers at the camp ground entrances to campers who wish to return to their tents for meals or rest during the day. These checks will admit campers to the main part of the fair grounds, at campground entrances only on the day issued. Any person attempting to abuse the camp ground return check privilege will be required to pay the regular admission fee, and will subject themselves to expulsion from the camp grounds.

No pass-out or return checks will be issued for the main outside gates.

J. P. MULLEN, FONDA President Iowa State Fair and Exposition

Campers who desire to visit the City during the day may leave the camp grounds through the camp ground exit gate. Pass-out return checks will be issued to campers so they may return through the camp ground exit gate. The road leading to this gate runs south to Dean Avenue from a point east of the Farm Bureau Headquarters.

Public Bath House

For the convenience of the campers, a modern public bath house with hot and cold running water has been provided. It is located at the intersection of "A" Avenue and Fifth Street, across the street from the Farm Bureau camp headquarters. Competent attendants will be in charge. Soap and towels furnished. A reasonable fee will be charged to cover operating expense.

Bureau of Information

A bureau of information will be maintained by the management at the

secretary's office in the Administration Building.

The Des Moines Chamber of Commerce and the Iowa Automobile Club will maintain a bureau of information in a building on the south side of Grand Avenue between the Varied Industries Building and the Administration Building. Any information pertaining to the city, conditions of roads, etc., will be cheerfully furnished State Fair visitors.

Day Nursery

A Day Nursery will be maintained in the southwest wing of the Women and Children's Building, which will be open all day and up to 11:30 at night. Trained nurses will be in attendance to take care of and entertain the children. Mothers will be required to furnish food for their children. A reasonable fee will be charged for this service. This makes it possible for mothers of small children to attend and thoroughly enjoy the fair by leaving their children in care of the nursery.

Women and Children's Building

The Women and Children's Building is a beautiful structure located on the hill east of the Stock Pavilion and Agricultural Building. The location is ideal, overlooking the main portion of the grounds and exhibit buildings.

The rest rooms are large, well ventilated and comfortably furnished. The

spacious porches offer a resting place for hundreds of people.

In addition to rest rooms and other conveniences for women and children, the building contains many exhibits and educational features, among which are the Baby Health Contest, Women's County-Wide Project Exhibits by Farm Bureau Women, and a room set aside for daily demonstrations in domestic science; also a large auditorium in which programs of interest to women are given daily.

Emergency Hospital

An emergency hospital will be maintained in a building east of the Women and Children's Building. A skilled physician and a trained nurse will be in charge day and night. The management provides the hospital building and furnishings, but each patient is expected to pay a reasonable fee for services rendered.

Check Room

Check rooms in charge of reliable persons will be located at the entrance of the auto parking grounds near the Old Mill. Packages may be checked at a nominal fee.

Post Office

A substation of the Des Moines Post Office will be located on Grand Avenue, northeast of the Agricultural Building. The office will receive and distribute mail, sell stamps, postal cards and money orders.

Press Bureau

The Fair will maintain a press bureau in the Administration Building with a competent person in charge. Manifold copies of the awards in the live stock departments, daily programs, special orders and announcements, official decisions and all other matters of interest to the public will be furnished to the press. Representatives of the press at large, who may be assigned to or visit the fair, are cordially invited to make this their head-quarters and avail themselves of the facilities offered.

Express

The express company's offices will be found in a booth east of the north entrance to the Stock Pavilion. All express shipments for delivery to the grounds should be marked and charges prepaid to Des Moines. All express sent to individuals or firms in care of the secretary will be found at the express office.

Railway Offices

All the leading trunk lines will have a consolidated office in a booth east of the north entrance to the Stock Pavilion for the transaction of business and furnishing information relative to freight and passenger rates, departure of trains, etc.

Telegraph Offices

A branch station of the Western Union Telegraph Company will be maintained in the Administration Building.

Telephones

A complete telephone system is maintained on the grounds by the North-western Bell Telephone Company. Connections may be had to any part of the grounds, free; a toll fee of ten cents for down town connections is charged. The central office is located in the southeast corner room of the Educational Building and Grandstand.

Administration Offices

All the officers and superintendents of the Fair will have offices in the Administration Building. This is a very handsome and useful office building, located in the center of the grounds. A cordial invitation is extended to everyone to make the building their headquarters while at the Fair.

WALLACES FARMER Lowa Homestead

Good Farming Clear Thinking Right Living

extends to state fair visitors a cordial invitation to visit its headquarters in the east end of Varied Industries Building and to visit its large and attractive plant at 19th Street and Grand Avenue.

We like to get better acquainted with our farm friends and to confer with them about matters of mutual interest. We like also to meet manufacturers and their representatives on the occasion of their visit to the state fair.

Our headquarters in Varied Industries Building are maintained from 8:00 A. M. to 6:00 P. M. Our plant at 19th Street and Grand Avenue, where nearly 200 people are employed, is open for inspection by visitors from 9:00 A. M. to 4:00 P. M. It is one of the largest and most complete printing establishments in the West, and on Tuesdays, Wednesdays and Thursdays our folks can see the paper being printed on the largest farm paper printing press in the world. It is a real sight.

Wallaces' Farmer and lowa Homestead reaches approximately 95 per cent of the farm homes in lowa. It studies the needs of every member of the farm family and is a welcome visitor to all.

Come in and get acquainted with us. We are friendly people and like to meet our friends on the farm as well as our friends in the manufacturing business who are patrons of our advertising columns. If there are any questions you wish to ask with regard to farm crops and livestock or with regard to lowa and its agricultural resources, we have the information available. By all means, come in and get acquainted.
